Job Description

The Department of Mechanical Engineering in the College of Engineering at the University of Texas at San Antonio (UTSA) has one opening position for a Senior Lecturer. Applicants are sought to teach undergraduate courses and laboratories in the Thermal-Fluids area with particular emphasis on Thermal-Fluids Lab, Thermodynamics, Heat Transfer, and Fluid Mechanics. The applicant should also have the willingness and ability to teach other foundational engineering courses and graduate level courses such as advanced math, as needed.

Candidates are expected to have a Ph.D. in Engineering, preferably in Mechanical Engineering or a closely related field, and it is preferred that a candidate have work experience in the practice of engineering and/or teaching experience. Candidates must have strong communication skills and an ability to teach undergraduate courses.

Applications are currently being accepted and will continue to be accepted until the position is filled. The initial screening of the applications will begin June 27th. Applications received by this date will be given priorities. The target hiring date is August, 2018. Applicants must submit the following materials:

- An application letter
- A curriculum vitae

Application materials and inquiries must be submitted using the UTSA Streamlined Applicant Referral System, which can be found at the link below.

<https://www.utsajobs.com/>

EEO/AA Policy

Applicants who are selected for interviews must be able to show proof that they will be eligible and qualified to work in the United States by time of hire. UTSA is an Affirmative Action/Equal Opportunity Employer. Women, minorities, veterans, and individuals with disabilities are encouraged to apply.
