premier departments of its kind in the nation.

Applicants must have a Ph.D. in engineering or a related discipline and a well-documented research career evidenced by significant publications and extramural research funding. The search encourages applications from not only well-established Professors but also from rapidly progressing Associate Professors whose work would merit promotion to Professor. The incumbent's research would have a primary application in an established area of biomedical engineering such as biomaterials, biomechanics, or bioinstrumentation. Other areas in BME will be considered. Besides leading and managing the department, the successful candidate will be expected to establish a state-of-the-art research program in collaboration with the Indiana University School of Medicine, also on the IUPUI campus. Major institutes and centers at IUPUI include the Biomechanics and Biomaterials Research Center, the Indiana Center for Musculoskeletal Health, the Simon Cancer Center, the Krannert Institute of Cardiology, and the Stark Neurosciences Institute. A qualified candidate may be offered joint appointments in both engineering and medicine. A more complete description of BME at IUPUI is available at www.engr.iupui.edu/bme/.

The Purdue School of Engineering and Technology at IUPUI has 7 academic departments with an extensive undergraduate and graduate degree portfolio, including numerous CAC, EAC, and ETAC of ABET accredited B.S programs. The School has over 3,500 students, including approximately 500 graduate students pursuing either M.S. or Ph.D. programs. More information about the School is available at engr.iupui.edu/

The IUPUI campus has approximately 30,000 students and over 200 degree programs with annual research expenditures totaling over \$300M. IUPUI has received the Higher Education Excellence in Diversity (HEED) Award for five consecutive years. More information about IUPUI is available at www.iupui.edu

Applications must include a statement of interest, curriculum vitae, and contact information for at least three references. Apply for this position at <https://indiana.peopleadmin.com/postings/4229>. Applications are welcome until the position is filled. IUPUI is an Equal Opportunity/Affirmative Action educator and employer and affords reasonable accommodations to persons with disabilities.

At IUPUI, diversity means three things:

1. diversity is an educational and social asset to be reflected in our learning and work objectives;
2. the persons who comprise our academic community reflect both the current diversity of our service region as well as the evolving demographics of a state and city that aspire to participate fully in a global society; and
3. IUPUI's social and physical environment will enable all of its members to succeed to the fullest extent of their potential.

(Vision for Diversity at IUPUI, Adopted 2001)

Having diversity in classrooms, research labs, clinical practice settings, and places of work are essential to the fundamental work of the university. If students are to learn, they must be encouraged to ask questions, seek knowledge from those with whom they disagree, and take part in open and honest debate. The ability to learn from and use diverse perspectives is instrumental to constructive problem solving and good citizenship, so it is essential that the campus have an environment that encourages interaction among individuals of diverse backgrounds. Our employees, too, expect and deserve to work in a healthy, supportive atmosphere that respects differences.

To help accomplish this, the Trustees of Indiana University adopted an equal opportunity and affirmative action policy that is based on resolutions dating from 1969 and reaffirmed unanimously in 1995. The trustees stated, "In reaffirming this policy, which has served us well, we must advocate and perpetuate performance which reflects this commitment. We must and will hold ourselves accountable for our decision and action."

Each year, IUPUI reaffirms its commitment to this policy and to observing requirements embodied in federal and state laws, executive orders, guidelines, and regulations designed to promote affirmative action and assure equal opportunity. As part of that reaffirmation, we expect deans, directors, and others who have administrative responsibility and authority to carry out the policies of the trustees and to pursue our shared diversity goals effectively. In addition, individual employees are to display an attitude of collaboration and cooperation by performing their duties in a manner that clearly reflects the principle of equal opportunity in every aspect of university life.

Our policy at IUPUI prohibits discrimination against anyone for reasons of race, color, religion, national origin, sex, sexual orientation, gender identity, marital status, age, disability, and covered veterans. We work diligently to uphold the spirit of the letter of this policy. We will continue to promote and provide equal opportunity in education and training programs, employment, admissions, and all other activities for faculty, staff, and students. All personnel actions, such as compensation and fringe benefits, transfer, promotion, training for employees, as well as all university-sponsored social and recreational
