The Department of Computer Science in the School of Engineering and Applied Science seeks an experienced Program Director to support the newly formed Link Lab, a collaborative, interdisciplinary research and training facility supporting over two dozen leading faculty and over 100 graduate student with the mission of enhancing excellence in Cyber-Physical Systems (CPS) research that transcends traditional disciplinary boundaries. The Program Director will assume primary leadership and managerial responsibility for lab programs. Overall responsibilities include the creation and oversight of the full range of program activities, including industry relations, marketing operations, funding and budgeting, administrative operations, and team supervision.

**EEO/AA Policy**

The University of Virginia is an equal opportunity and affirmative action employer. Women, minorities, veterans and persons with disabilities are encouraged to apply.
