The Department of Mechanical & Industrial Engineering at Montana State University invites applications for a full-time tenure track position with primary responsibilities in teaching, research and service/outreach. The successful candidate will become an integral part of the program. Duties will include teaching courses focused in mechanical engineering and/or mechanical engineering technology fields, working on curriculum development, developing a nationally recognized, externally funded research program, and participating in professional/service activities.

Montana State University values a broad array of experiences and perspectives and is committed to continually supporting, promoting and building an inclusive and culturally rich campus environment. We hope to attract applicants who can teach in a diverse university community and have demonstrated ability in helping students from diverse backgrounds succeed. In support of our strategic plan, which promotes access and respect, we enthusiastically encourage members of traditionally underrepresented groups to apply. MSU recognizes the importance of work-life integration and strives to be responsive to the needs of dual career couples.

The new faculty member will be expected to contribute to excellence in both undergraduate and graduate teaching in the Mechanical & Industrial Engineering Department, develop a nationally-recognized externally-funded scholarly program in an appropriate focus area, produce scholarly works and collaborate with MSU's research centers and regional partners. Other responsibilities include advising and mentoring undergraduate and graduate students, participating in accreditation activities and committee assignments, and providing service to the University, State, and profession.

### **EEO/AA Policy**

Equal Opportunity Employer, Veterans/Disabled

Montana State University values diverse perspectives and is committed to continually supporting, promoting and building an inclusive and culturally diverse campus environment. MSU recognizes the importance of work-life integration and strives to be responsive to the needs of dual career couples.

Montana State University is committed to providing a working and learning environment free from discrimination. As such, the University does not discriminate in the admission, access to or conduct of its educational programs and activities nor in its employment policies and practices on the basis of race, color, religion, national origin, ethnicity, creed, service in the uniformed services (as defined in state and federal law), veteran status, gender, age, political beliefs, marital or family status, pregnancy, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation or preference. In support of the University's mission to be inclusive and diverse, applications from qualified minorities, women, veterans and persons with disabilities are highly encouraged.
