

GRADUATE RECRUITING DAY EVENT

**Mechanical Engineering
Department,
New Mexico Tech,
Socorro, New Mexico**

***March 5, 2021, Friday
via Zoom***

Dear Potential Students:

The Mechanical Engineering Department at New Mexico Tech is offering you an opportunity to explore our department's graduate programs (M.S, M.E, and Ph.D) (<http://nmt.edu/academics/mecheng/graduate.php>).

Due to the ongoing COVID-19 pandemic, this year's Graduate Recruiting Day event will be held online for your safety on **Friday, March 5, 2021 from 8:30am-1:30pm via zoom**. During this event, each faculty in the Mechanical Engineering Department will give a short presentation of research and teaching interests. You will have an opportunity of one-on-one conversations with multiple faculty members regarding specific research directions (and potential RA or TA positions). In addition, there will be meetings with current graduate students.

We look forward to inviting as many students as we can for the event. If you are interested in participating in the event, please email us at tie.wei@nmt.edu. For more information regarding our school's graduate program, visit <https://www.nmt.edu/gradstudies/admissions.php>

We have a limited amount of funding to reimburse the application fee of selected applicants.

□ Once you accept the invitation, we will send you the agenda and the zoom link.
