Job Title	Biomedical engineering faculty positions at the Southern University of Science and Technology
Department	Department of Biomedical Engineering http://bme.sustc.edu.cn/
Institution	South University of Science and Technology Shenzhen, Guangdong, China
Date Posted	Sep. 19, 2018
Application Deadline	Open until filled
Position Start Date	Available Immediately
Job Categories	Assistant Professor Associate Professor Professor
Academic Field(s)	Bioengineering (all Bio-related fields)
Job Website	http://www.sustc.edu.cn/
Apply By Email	bme@sustc.edu.cn
Job Description	

The Department of Biomedical Engineering, Southern University of Science and Technology, seeks outstanding applicants for full-time tenure-track/tenured positions. The positions are open for both junior and senior-level applicants. While exceptional candidates in any area are welcome to apply, the primary focus for this search is in the areas of biomedical/medical imaging, bioMEMS, mechanomedicine, regenerative medicine, wearable devices/wireless monitoring, and biomedical data science. We are especially interested in individuals who can contribute to the excellence and diversity of our academic community. Further information of the department and facilities can be found at <http://bme.sustc.edu.cn/>.

An outstanding start-up package will be provided for the successful candidate. Applicants must have

earned Ph.D. degree in biomedical engineering or a relevant field, and demonstrated excellent qualifications in research and education. Review of applications will begin immediately and continue until the positions are filled.

All applicants should submit the following documents to bme@sustc.edu.cn and jiang@sustc.edu.cn, in PDF format: (1) a detailed resume, (2) a statement of research and teaching interests, (3) up to three representative publications, and (4) the names and contact information of at least three references.

Established in 2012, the Southern University of Science and Technology (SUSTech) is a public institution funded by the municipal of Shenzhen, a special economic zone city in southern China. Shenzhen is a major city located in Southern China, situated immediately north of Hong Kong Special Administrative Region. As one of China's major gateways to the world, Shenzhen is the country's fast-growing city in the past two decades. The city is the high-tech and manufacturing hub of southern China. As a State-level innovative city, Shenzhen has chosen independent innovation as the dominant strategy for its development.

The Southern University of Science and Technology is a pioneer in higher education reform in China. The mission of the University is to become a globally recognized institution which emphasizes academic excellence and promotes innovation, creativity and entrepreneurship. The teaching language at SUSTech is bilingual, either English or Putonghua.
