Job Description

Computer Science and Software Engineering Faculty - All Ranks

The Electrical Engineering and Computer Science (EECS) department at the Milwaukee School of Engineering (MSOE) seeks applicants to fill multiple computer science and software engineering (SE) faculty positions at all ranks. MSOE expects, rewards, and supports a strong primary commitment to excellence in teaching. Faculty enjoy small class sizes and hands-on labs as well as continuous improvement and sustained professional development. Among the department’s strengths are strong partnerships with numerous businesses and academic institutes, which guide applied projects, undergraduate research, and curriculum development.
The EECS department offers an undergraduate degree in CS with a focus on artificial intelligence as well as an established software engineering undergraduate degree. Significant investments are being made to support MSOE’s academic mission including the construction of the $34M Dwight and Dian Diercks Computational Science Hall that will house the SE and CS programs. More information about the programs and building are available at https://www.msoe.edu/CS/

Candidates with expertise in any field of CS or SE are encouraged to apply. Applicants must have an earned doctorate degree in a computing field by the beginning date of the appointment, and proficiency in oral and written communication is required.

MSOE is a leading undergraduate and master’s level private, non-profit educational institution founded in 1903. The institution serves approximately 3,000 undergraduate and graduate students in the areas of engineering, computing, mathematics, business, nursing and communications. The mission of MSOE is to be the university of choice for those seeking an inclusive community of experiential learners driven to solve the complex challenges of today and tomorrow. The MSOE community is guided by six values - collaboration, excellence, inclusion, innovation, integrity and stewardship - that represent the core of our campus culture.

MSOE is in the heart of downtown Milwaukee, a burgeoning tech hub known for its numerous festivals, beautiful lakefront, and cultural activities. MSOE offers competitive benefits including medical, dental, life, disability and vision insurance, and a retirement plan. Educational benefits are available for employees and family members as well as an on-campus fitness center for all employees.

To apply to this position, please visit http://www.milwaukeejobs.com/apply/add/36309571

When applying, please upload a single pdf file which includes: 1) a letter of interest; 2) a curriculum vita; 3) statement of teaching philosophy (including evidence of successful teaching if available); 4) statement of research interests including a plan to involve undergraduate students or impact teaching; and 5) contact information for three professional references. The review of applications will begin when received and continue until the positions are filled.

**EEO/AA Policy**

It is the policy of MSOE to provide equal employment opportunity to all individuals regardless of their race, ethnicity, color, creed, religion, sex, age, national origin, physical or mental disability, military and veteran status, sexual orientation, gender identity, genetic characteristics, marital status or any other characteristic protected by local, state or federal law. This policy applies to all jobs at the University.
and to all the terms, benefits, and conditions of employment/enrollment.
