Job Description
An immediate Postdoc position in batteries
We are looking for one Postdoctoral position in the area of Lithium-Ion Batteries and Lead-Acid Batteries at Department of Materials Science and Engineering, University of Wisconsin-Milwaukee. The general areas of interest are of electrode material synthesis and performance test of novel lithium-based batteries and lead-acid batteries. The potential Postdoc will perform the projects in one or more of the following areas: Lithium-ion and beyond batteries, Electrochemistry analysis, Lead-acid batteries, etc. This position provides a very competitive salary and benefit package. Only the candidate with battery background will be considered.

To apply please send a CV to Prof. Niu at jjniu@mit.edu.
