One graduate research assistantship is available for a Master of Science (MS) or Doctor of Philosophy (PhD) student in the Department of Sustainable Bioproducts at Mississippi State University (MSU). The successful candidate will be involved in a multidisciplinary project in the field of timber engineering with a focus on durability of mass timber structures. The candidate will be involved in the design of cross-laminated timber (CLT) wall envelope system against environmental and biological degradation. The successful candidate will be funded during the study period (i.e. 2 years for MS degree and 3 years for PhD degree) with an assistantship, plus tuition, fees and insurance.

The candidate must:
- Possess undergraduate and graduate degrees relevant to the topic of the study, preferably in civil (structural) engineering, architecture, or wood science
- Previously attained and maintained exceptional academic standing (min GPA 3.0 on 4.0 scale basis)
- Have a TOEFL score of 79 iBT or IELTS score of 6.5 or better (students with non-English credentials...
Graduate Research Assistant (MS or PhD position)  
Mississippi State University

To apply, please send a cover letter, CV, and the names and contact information of two referees by email as a single pdf file to Dr. Hyungsuk Lim h.lim@msstate.edu. The review of the applications will start on May 17th, 2019 until the position is filled. The expected enrollment in the program is either August 1st, 2019 or January 1st, 2020.

We thank all of the applicants, but only those selected for an interview will be contacted. Additional information can be found at the websites of the MSU Department of Sustainable Bioproducts (http://www.cfr.msstate.edu/bioproducts/graduate.asp) and Office of Graduate School (http://www.grad.msstate.edu/).

MSU is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, ethnicity, sex (including pregnancy and gender identity), national origin, disability status, age, sexual orientation, genetic information, protected veteran status, or any other characteristic protected by law. We always welcome nominations and applications from women, members of any minority group, and others who share our passion for building a diverse community that reflects the diversity in our student population.
