**Job Description**

The Department of Civil, Structural and Environmental Engineering (CSEE) at University at Buffalo (UB) invites candidates to apply for the positions of Assistant Professor, Associate Professor or Full Professor. We are particularly looking for candidates who can operate effectively in a team environment and in a diverse community of students and faculty and share our vision of helping all constituents reach their full potential.

The successful candidate will be expected to teach courses at the graduate and undergraduate levels, mentor graduate students, advise students at all levels and maintain an active research program.

Interdisciplinary work is encouraged. The successful candidate for an Associate Professor or Full Professor position should have a record of scholarly accomplishments, teaching experience and a sustained externally funded research program. CSEE desires applicants who can contribute to the Environmental and Water Resources Engineering (EWRE) research area. Desirable areas of research expertise include environmental engineering and/or water resources engineering but are not limited to, one or more of the following: environmental microbiology in engineering and natural systems; meta-omics techniques and analyses; stormwater treatment; bioenergy and sustainability; and ecohydraulics.

The University at Buffalo (UB), a member of the prestigious American Association of Universities, is the largest and most comprehensive university in The State University of New York (SUNY) system, with about 20,000 undergraduates and 10,000 graduate students and 1600 fulltime faculty. The School of Engineering and Applied Sciences has 6,000 students enrolled across 9 academic departments. . At the undergraduate level, CSEE offers ABET-accredited Bachelor's degrees in Environmental Engineering and Civil Engineering. At the graduate level, we offer Master's and Doctoral degrees in Environmental and Water Resources Engineering, and a Master's degree in Engineering Science with a focus on Engineering Sustainability.

Buffalo is a city with a rapidly growing economy, eclectic neighborhoods, world-class art galleries and museums, a vibrant theater and music community, the Lake Erie waterfront, a city-wide system of parks designed by renowned landscape architect Frederick Law Olmsted, and major and minor league sports teams. The awe-inspiring Niagara Falls is just 20 minutes away. The department is located on the UB North Campus in suburban Amherst, an area that combines outstanding public schools and services with a surprisingly low cost-of-living.

University at Buffalo is an affirmative action equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.
