NYUAD has state-of-the-art research facilities in a new 15 acre campus on Saadiyat Island in Abu Dhabi, UAE. The core research infrastructure is especially noteworthy, with extensive and exceptional range of instruments and capabilities. In addition, the Engineering Division of NYUAD has close collaborations with the faculty and students of the NYU Tandon School of Engineering. Our students are drawn from around the globe, surpassing all traditional academic benchmarks. The NYU Abu Dhabi undergraduate student body has garnered an impressive record of scholarships, graduate-school appointments, and many other honors. The NYUAD Global PhD Fellowship attracts the best talent from across the world for pursuing doctoral research on campus.

About NYU Abu Dhabi

NYU Abu Dhabi is a pioneer of higher education in a global world, dedicated to excellence in teaching and research, while advancing cooperation and progress on humanity's shared challenges. Part of the NYU global network, NYU Abu Dhabi offers an outstanding liberal arts and science education to students from the United Arab Emirates, United States, and around the world, focusing on intercultural understanding and leadership. It supports innovative research that pushes the frontiers of knowledge forward and responds in powerful and interdisciplinary ways to vital global and local questions. NYU Abu Dhabi advances NYU as a model university for the 21st century and contributes in multiple ways to the development of a sustainable, knowledge-based economy in Abu Dhabi.

As an international center of excellence in teaching and research, our goal is to attract outstanding faculty who are leaders in their fields, encouraging them to create programs that draw outstanding students, and providing an intellectually rich environment.

Working for NYUAD

A world-class institution deserves world-class benefits. At NYUAD, we recognize that Abu Dhabi is more than where you work, it's your home and in order for you to research, teach, and thrive, we're offering a comprehensive benefits package to our top talent. Start with generous relocation allowances to ensure a smooth transition to Abu Dhabi, followed by competitive salaries, housing and transportation allowances, and educational assistance for your dependents. Health and wellness services round out our offerings, plus more. Click <https://nyuad.nyu.edu/en/about/careers/working-at-nyuad.html> for more information on benefits for you and your dependents.

Qualifications

This position requires a Ph.D. degree in Civil and Environmental Engineering or related discipline, including Chemical Engineering, Mechanical Engineering, Environmental Science and Chemistry.

We seek individuals who have, or have the potential to develop, a strong record of scholarship and have the ability to develop and lead high-quality research.
