**Job Description**

We are looking for one Postdoctoral position (Research Associate) in water treatments/polymers at Department of Materials Science and Engineering and School of Freshwater Science, University of Wisconsin-Milwaukee. The candidate should have research experience in developing materials for water treatments particularly with PFAs/pharmaceuticals/POPs/bacteria/metal ions removal in water and/or hydrophilic/hydrophobic coatings using polymer-based composites. The candidate should have a strong background in water treatments and polymers with an excellent writing skill. This position provides a competitive salary and benefit package. Only the candidates with water treatment background and good English writing skill will be considered.

To apply please send a CV to Prof. Niu at [jjniu@mit.edu](mailto:jjniu@mit.edu).
