### QUALIFICATIONS & EXPERIENCE:

Graduate with a Ph.D. from a reputable university.

Outstanding record in teaching graduate courses especially Artificial Intelligence related courses

Outstanding research and publications record in top journals (Scopus Q1 and Q1\* rank)

Adequate experience in supervising Master theses and master projects

Record of collaborative and interdisciplinary research would be an advantage

Excellent record in community service and scholarly activities

### ESSENTIAL DUTIES & RESPONSIBILITIES:

Develop and deliver courses to students in specified discipline areas of study, considering and aiming to achieve the five (5) fundamental standards of the University, those are: Teaching, Research, Training, Expertise and Practice

Evaluate and monitor individual student progress and provide feedback to sustain student success

Research, organize and manage instructional resources, courses outlines, and community networks

Provide consultative expertise as a subject matter expert to the local industry through pre-approved partnership projects by the University

Ensure a respectful and culturally sensitive learning environment in all college focused activities

Establish and maintain effective work relationships across the organization and community

Motivate and inspire confidence in others (students and colleagues) to overcome limitations to personal growth and success

Ensure required training equipment and supplies are set up in advance and materials are available

Actively seek out methods, procedures and resources to best achieve course and lesson objectives

Support and participate in accreditation initiatives

Maintain relationships with students that are conducive to learning

Perform miscellaneous job-related duties as assigned

### KNOWLEDGE & SKILLS:

Ability to communicate effectively, both orally and in writing

Familiarity with the "Credit Hour" academic system

Ability to supervise student work

Ability to provide academic advising for students

Ability to work effectively with diverse team members

Knowledge of academic program planning and implementation

Familiarity with Learning Management Systems (LMS)
