**Job Description**

The Department of Computer Systems Technology (CST) invites applications for a 9-month non-tenure track teaching faculty position. The initial appointment of the position is two years and is eligible for renewal.

The hired faculty is expected to show commitment to teaching excellence. She/he is expected to teach Information Technology courses and other related courses, develop courses and curricula in the field, and provide service to the University and community. Primary duties include, but are not limited to, teaching undergraduate or graduate courses, conducting tutoring and supplemental instruction, serving as an academic advisor for the CST majors, supporting department student success initiatives, and providing other academic services to the Department, College of Science & Technology and the University. A candidate whose teaching and service efforts will promote the mission of the CST Department and the strategic vision of the College of Science and Technology (COST) as well as the
