Job Description

The Department of Mechanical Engineering at Auburn University invites applications for a full-time Lecturer or Professor of Practice to begin in August 2022. This position is a non-tenure track academic year appointment, with primary responsibility to teach a selection of courses in the Nuclear Power Generation Systems (NPGS) minor and Mechanical Engineering. The position is renewable annually and summer teaching opportunities could also be available, both subject to availability of funds. The successful candidate is expected to bring experience, innovation, enthusiasm, technology, and leadership to the NPGS and Department of Mechanical Engineering educational programs. A typical teaching load will be three courses per semester, which includes course and laboratory development and management activities. Salary will be commensurate with experience and qualifications.
