in Embedded Software Engineering, Master of Science in Electrical and Computer Engineering, and Master of Science in Artificial Intelligence.

The Department of Electrical and Computer Engineering invites applications for one faculty position at the rank of Associate Professor of Practice. This position is a full-time faculty position renewal yearly based on performance.

QUALIFICATIONS: Qualified applicants will have 2+ years of professional experience in their field, and a minimum of one-year teaching experience at the college level. Applicants must have at the time of appointment a Ph.D. degree in Electrical/Computer Engineering or a related field.

Successful applicants must be capable of teaching a range of classes in electrical and computer engineering curricula, including control systems, digital control systems (graduate course), circuits and electronics, instrumentation and sensor technologies; and courses related to electric vehicles, such as autonomous vehicles, connected vehicles, automotive control systems, and hybrid electric vehicles.

Lawrence Technological University (LTU) conducts pre-employment screening on initial candidates for all positions, which may include but is not limited to, a criminal background check, verification of academic credentials, license, certifications, and/or verification of work history.

Lawrence Technological University is an Equal Opportunity Employer

Applicants should submit a resume, a list of three references with contact information, and a statement of teaching philosophy. Please submit materials via email to eechair@ltu.edu. Consideration of applications will begin immediately and will continue until position is filled. Effective date of employment is Spring 2023.

EEO/AA Policy

Lawrence Technological University is an Equal Opportunity Employer.
