organizational skills.

Duties include:

(1) teaching and development of courses at both the undergraduate and graduate level, particularly in the areas of environmental engineering, water resources engineering, and/or sustainability; and
(2) Departmental service, which might include but is not limited to: student advisement at the undergraduate and graduate level; management of industry internships; coordination of laboratory and instrumentation upgrades; participation in initiatives that promote student excellence and diversity enhancement; and assistance in preparing and managing external grant proposals related to pedagogical and curricular innovation.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness.
