The Department of Chemical and Biological Engineering at The University of Alabama (<https://che.eng.ua.edu/>) invites applications for non-tenure-track, renewable contract faculty positions across all domains relevant to chemical and biological engineering beginning in spring 2024. Primary duties of the successful candidate will include teaching in core lecture classes, unit operations laboratory and/or senior design courses, as well as appropriate service roles in the department.

Applicants must have a Ph.D. in chemical engineering or a closely related field from an accredited institution by the date of appointment.

Required application documents include: resume/curriculum vitae, cover letter, names of three references, and statement of teaching philosophy.

EEO/AA Policy

The University of Alabama is an Equal Employment/Equal Educational Opportunity Institution. All qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age, genetic information, disability or protected veteran status and will not be discriminated against because of their protected status. Applicants to and employees of this institution are protected under Federal law from discrimination on several bases. Follow the link below to find out more. "EEO is the Law"
