candidate for the regular position will be expected to establish a high-level, active research program supported by internal and external funding sources. The visiting faculty position is primarily focused on teaching. The visiting position is a one-year renewable contract and the regular position is a three-year renewable contract.

The applicant is required to have a PhD in Mechanical Engineering or a closely related field and show evidence of a significant teaching portfolio. Evidence of excellence in teaching and research are expected from the candidates. In addition, experience in the American model of higher education is highly desirable.

Applicants should fill out an application form and upload the required documents (PDF) using the following link.

<https://acg-apps1.aus.edu/cen/empapp/apply.php?p=MCE-24-01>

The required documents are a cover letter and a detailed curriculum vitae (including a teaching statement, a research statement, list of courses that can be taught or were taught, and names of at least three references who would be willing to write letters of recommendation). Only shortlisted candidates will be contacted.

Candidates are required to classify their research area in one of the three mechanical engineering fields:

- thermo-fluids
- design, materials and manufacturing
- dynamics and control

The Department of Mechanical Engineering has approximately 230 undergraduates, 25 graduate students, 14 full-time faculty and 4 lab instructors. The department offers BS and MS degrees in Mechanical Engineering. The department is also involved in the offering of multidisciplinary programs such as the BS in Intelligent Systems and Mechatronics Engineering, MS in Mechatronics Engineering.

AUS is located in the Emirate of Sharjah (about 15 km from Dubai). AUS is an independent, not-for-profit, coeducational university, serving more than 5,700 students. Further information can be obtained [here](#).

AUS is licensed and its programs are accredited by the Commission for Academic Accreditation of the
