Job Description

Aalto University is where science and art meet technology and business. We shape a sustainable future by making research breakthroughs in and across our disciplines, sparking the game changers of tomorrow and creating novel solutions to major global challenges. Our community is made up of 13 000 students, 400 professors and close to 4 500 other faculty and staff working on our dynamic campus in Espoo, Greater Helsinki, Finland. Diversity is part of who we are, and we actively work to ensure our community's diversity and inclusiveness. This is why we warmly encourage qualified candidates from all backgrounds to join our community.

Posted Jan. 19, 2024, set to expire Dec. 30, 2024.

The Department of Information and Communications Engineering is offering a summer jobs in the research group:

5G mmWave coverage and performance test (position 1)

5G mmWave coverage and performance test. The objective is to do several test runs to measure the coverage and uplink/downlink performance of the 5G Aalto network across the campus. The student will be provisioned with measurement device and should collect and process the data to create a coverage map.

Update and deploy monitoring system for 5G network both cmWave and mmWave (position 2)

Update and deploy monitoring system for 5G network both cmWave and mmWave. There is a platform already that collects signal and measurements from devices connected to the cmWave and now has to be extended to include mmWave network.

The knowledge needed in both positions are:

- C, Go or Python programming
- Linux networking
- Radio communications is a plus

Join Us!

To apply, please share the following application materials with us through our recruitment site Workday ("Apply now!"):

- CV
- Motivation letter
- Latest transcript of records

Starting around June 2024 or as mutually agreed. Please apply as soon as possible since we will go through applications, and we may invite suitable candidates to interview already during the application period. Please apply at the latest 11.2.2024.

Please note: Aalto University's employees should apply for the position via our internal HR system Workday (Internal Jobs) by using their existing Workday user account (not via the external webpage for open positions).

Contact person for further questions regarding the position: Staff Scientist Jose Costa Requena, [url=mailto:jose.costa@aalto.fi]jose.costa@aalto.fi. In any questions regarding the recruitment process: HR Advisor Monika Mäkinen, [url=mailto:hr-elec@aalto.fi]hr-elec@aalto.fi.
