**Job Description**

The [Buffalo Educational Opportunity Center](#) (BEOC) is seeking a knowledgeable and passionate individual to join our faculty as a **Part-Time Adjunct Instructor** specializing in Construction. The successful candidate will be responsible for teaching courses focused on various aspects of construction, including safety protocols, equipment operation, materials management, and sustainable practices. This position offers a unique opportunity to impart essential skills and knowledge to students pursuing careers in civil engineering, construction management, and related fields. Candidates should have the ability to teach seated, remote, and online courses.

**Academic Responsibilities and Essential Functions:**

- Develop and deliver engaging and informative lectures, presentations, and hands-on activities related to construction.
- Design course curriculum, learning objectives, and assessments aligned with industry standards

and best practices.

- Provide mentorship and guidance to students, fostering their understanding of theoretical concepts and practical applications.
- Incorporate real-world examples, case studies, and guest speakers to enhance learning experiences and industry relevance.
- Maintain up-to-date knowledge of advancements, trends, and regulations in construction, integrating relevant updates into course content.
- Facilitate discussions and collaborative projects that encourage critical thinking, problem-solving, and teamwork among students.
- Offer constructive feedback and evaluation to students to support their academic growth and professional development.
- Collaborate with departmental colleagues to ensure coherence and consistency across related courses and programs.
- Participate in faculty meetings, professional development activities, and curriculum preparation and reviews as required by the department or institution.
- Contribute to the continuous improvement of the program through assessment, feedback, and innovative instructional approaches.
- Demonstrates appropriate knowledge of subject matter.
- Enter grades and attendance into software used by Center.
- Engages in the classroom, replies to emails and voicemails, and holds on-campus or online office hours.
- Maintains knowledge in one's own discipline-related area by participating in professional development.
