Job Description

Teaching Specialist in Computer Engineering and Hardware Security

The College of Engineering at Michigan State University (MSU) is thrilled to announce the launch of its cutting-edge Bachelor of Science in Technology Engineering program! This groundbreaking, multidisciplinary initiative unites experts from mechanical, electrical, and computer engineering and computer science to deliver a truly innovative educational experience.

Teaching Specialist in Computer Engineering and Hardware Security
Michigan State University

We are now accepting applications for a full-time, fixed-term Teaching Specialist in Computer Engineering and Hardware Security. This exciting role offers an academic year (9-month) appointment with potential renewal every three years based on positive annual performance reviews and mutual agreement.

As a critical team member, the chosen candidate will have the unique opportunity to develop and teach dynamic undergraduate courses in computer operating systems, networks and network security, and hardware/software cybersecurity. The College, with its unwavering commitment to fostering a diverse, equitable, and inclusive environment, is seeking candidates who are equally passionate about driving DEI initiatives in their teaching and service. Collaborate with students and industry leaders to shape the future of engineering at MSU!

Minimum qualifications for this position are: a Master's degree by position start date; strong communication skills; demonstrated experience in working directly with the application/ instruction of computer operating systems, networks, and/or hardware/software security; and ability to engage with undergraduate students from diverse backgrounds and explain complex topics in an understandable way.

Applications should be received by July 8, 2024, for full consideration. They will be reviewed on a continuing basis until the position is filled. The search committee reserves the right to review applications early at their discretion.

For more information about the position and to apply, please visit**https://careers.msu.edu/en-us/job/519715/specialist-teacherfixed-term reference posting #956626**

MSU is an Affirmative-Action, Equal-Opportunity Employer.
