social sciences, education and medicine. In the QS World University Rankings (WUR) by Subject 2024, NTU EEE was ranked 10th position in the world and 2nd position in Asia.

Established in 1981, the SCHOOL OF ELECTRICAL AND ELECTRONIC ENGINEERING (EEE) is one of the founding Schools of the Nanyang Technological University. Built on a culture of excellence, the School is renowned for its high academic standards and research. With about 120 faculty members and an enrolment of more than 4,000, of which about 1,000 are graduate students.

Join the SCHOOL OF ELECTRICAL AND ELECTRONIC ENGINEERING OF THE COLLEGE OF ENGINEERING, NANYANG TECHNOLOGICAL UNIVERSITY (<http://www.eee.ntu.edu.sg>) as a faculty member and embark on a challenging and exciting career in research innovations and discoveries and teaching excellence, so as to prepare engineering leaders of the future.

Applicants should possess a relevant doctoral degree in one or more of the following areas:

- Security in Computer or Communication Networks or other Cyber Physical Systems
- Network-Layer or Protocol-Level Security
- Data Encryption and Privacy
- Blockchain Security
- Signal Processing related Security (e.g. biometrics)
- AI-based Deepfake or anti-Deepfake Techniques

Responsibilities

The job holder is expected to make useful contributions to fulfil the University's vision and mission. Specifically, the candidate is expected to:

- Develop and lead an innovative research programme of international quality
- Publish high quality papers in reputable peer-reviewed journals
- Secure competitive research grants and develop research programmes
- Supervise research personnel
- Contribute to teaching and course development at the undergraduate and postgraduate levels
- Supervise undergraduate and graduate students undertaking research projects.
- Undertake administrative and/or leadership roles.
- Contribute to other service-related activities assigned by School and University.
- Contribute to professional services

Requirements

Candidates with the following qualifications are encouraged to apply:

- A Ph.D degree in Electrical Engineering or in a relevant discipline with an outstanding scholarship record and a strong commitment to excellence in research and teaching.
