The Samuel Ginn College of Engineering is seeking candidates for multiple positions for Research Engineer/Scientist. A Research Engineer/Scientist conducts research in various fields of engineering to design and develop technology and to carry out investigations, evaluation, and application of engineering theories and principles.

These positions will be based on two-year terms which will be renewable based on performance and abilities to secure and support externally funded research.

About Auburn: At Auburn, our work changes lives. Ranked by U.S. News and World Report as a premier public institution, Auburn University is dedicated to shaping the future of the people of Alabama, the nation, and the world through forward-thinking education, life-enhancing research, scholarship and selfless service. Auburn is nationally recognized for its commitment to academic excellence, community outreach, positive work environment, student engagement, and thriving community.
