Apply By Email

Job Description

There are multiple postdoc positions in Prof. Bahadur's group in the Walker Department of Mechanical Engineering at The University of Texas at Austin. These positions are available immediately. Postdocs will lead and pursue applied as well as fundamental research in microelectronics thermal management and packaging. Requirements include:

- PhD in Mechanical Engineering or closely related discipline with a focus on heat/mass transfer, fluid mechanics, interfacial sciences.
- Experience with experiments as well as modeling (traditional CFD modeling).
- Experience with finite element analysis and/or software packages like Comsol or ANSYS.
- Familiarity with microelectronics packaging techniques is a big plus.
- Familiarity with reliability characterization is a plus.

If interested, please send your CV, top three publications and a brief note summarizing your suitability
