applicants can learn more about the department by visiting its website (<https://web.uri.edu/engineering/>).

The successful candidate will be expected to establish a nationally and internationally recognized research program and become an international leader in this field. She/He will have earned a doctorate in Mechanical Engineering or related fields.

The University of Rhode Island is nationally recognized for its energy initiatives, including significant contributions to renewable energy, energy storage projects and partnerships across academia, research, industry, and the community.

For complete details about the position, including required and preferred qualifications, and the application process itself, please visit the URI Jobs website at <https://jobs.uri.edu/postings/13812> to apply and view complete details for job posting(F00421).

The search will remain open until the position has been filled. First consideration will be given to applications received by October 1, 2024. Applications received after October 1, 2024 may be reviewed depending on search progress and needs but are not guaranteed full consideration.

APPLICATIONS MUST BE SUBMITTED ONLINE ONLY.

The University of Rhode Island is an EEO/DFW employer.
Women, persons of color, protected veterans, individuals with disabilities,
and members of other protected groups are encouraged to apply.
