Job Description

The [Collaborative Institute for Multisource Information Fusion](#) (CIMIF) is seeking to hire highly motivated and skilled **Postdoctoral Associate** to join its research mission to advance the state of the art in Multisource Information Fusion technology and applications.

The successful candidate will perform independent and directed research to achieve the objectives of research projects within CIMIF. Methods for multisource information fusion have evolved over time but as for any technological field, the challenges of new and evolving applications and the evolution of new and related technologies creates continuing challenges for development of applicable and effective algorithmic and process designs for fusion applications and systems.
