### Multiple Open Rank Faculty Positions in Engineering University of California, Los Angeles

The UCLA Samueli School of Engineering invites applications for multiple open rank tenure-track faculty positions in one or more of our departments: Bioengineering, Chemical and Biomolecular Engineering, Civil and Environmental Engineering, Computer Science, Electrical and Computer Engineering, Materials Science and Engineering, and Mechanical and Aerospace Engineering.

Applicants for the positions must have a demonstrated record of excellence in, or show exceptional promise for high-quality research, teaching, and professional development. In addition, applicants must have a demonstrated record of interest in, and commitment to, the mentorship of and/or outreach to students from underrepresented and underserved populations. The successful candidate will be expected to advance their active mentoring activities and participate in programs that provide research and professional development opportunities for our diverse student body (such as our Center for Excellence in Engineering and Diversity, our Women in Engineering program, and our student organizations listed at <https://samueli.ucla.edu/equity-diversity-and-inclusion/>). Applicants must have earned a Ph.D. by the date of hire in a related field. Applications will be considered at all levels.

UCLA is a dynamic urban university with a strong commitment to collaborative excellence. Its Departments host highly-selective undergraduate and graduate programs, and are engaged in various research collaborations, both within engineering and with a spectrum of departments and programs at UCLA, across the UC system, and with other universities and across industrial sectors.

Los Angeles is a global city renowned for its dynamism, robust economy, rich cultural diversity and spectacular climate. UCLA has been ranked the No. 1 public university in the nation by U.S. News & World Report for seven straight years. UCLA Samueli is a tightly knit community with more than 6,500 undergraduate and graduate students and nearly 200 full-time faculty members; it is in the midst of its largest growth since the school was founded in 1945. The school is consistently ranked in the top 10 among U.S. public engineering schools, and its master's online program is ranked No. 1 overall by U.S. News & World Report. UCLA Samueli is known as the birthplace of the internet, and where countless other fields took some of their first steps - from artificial intelligence to reverse osmosis, from mobile communications to human prosthetics. UCLA Samueli is deeply committed to diversifying the ranks of
