communications, cyber-physical systems, embedded systems, computer architecture and networks, operating systems, and digital signal processing. A Ph.D. in electrical or computer engineering or a closely related field is required. Industrial experience is desired.

Assistant Professor - The assistant professor should possess a terminal degree or its equivalent in organized research or professional practice; must have demonstrated ability as a teacher or research worker; and must have shown definite evidence of growth in scholarly, artistic, or professional achievement.

Associate Professor - The associate professor should possess the same qualifications as the assistant professor, but must also provide evidence of an established reputation in scholarly, artistic, or professional achievement.

Professor - The professor should possess the same qualifications as the associate professor, but must also provide evidence of a substantial record of advanced research and/or creative work, and of leadership in their field of specialization. This rank should be reserved for persons of proven stature in teaching and/or research.

Research is an integral part of the faculty and student experience spanning fundamental and applied domains. Knowledge Park at Penn State Behrend is home to 20+ companies which foster a rich ecosystem for industry research. With a planned Center for Manufacturing Competitiveness opening in 2026, there are many opportunities to engage with industry, notably with a new heavy haul battery test center facility.

Penn State Behrend (<http://www.behrend.psu.edu>) is a comprehensive four-year residential college of Penn State, located in Erie, Pennsylvania. The college is committed to excellence in teaching, research, and outreach and prides itself on the balance it achieves between teaching and research. Located on a beautiful, wooded hilltop campus, Penn State Behrend offers nearly 5,000 undergraduate and graduate students an inspiring and technologically advanced environment characterized by close student/faculty interaction. The School of Engineering has over 1,800 students in our ABET-accredited programs and is recognized as a top engineering school.

Erie, a metropolitan area of 280,000, is located on Lake Erie's beautiful Presque Isle Bay. The region offers many cultural, sports, and recreational resources, including Pennsylvania's most popular state park. Erie County is a major industrial, medical, service, and tourism center within a two-hour drive of Cleveland, Pittsburgh, and Buffalo. Residents benefit from a rejuvenated Bayfront District while enjoying a modest cost of living and affordable housing. There are five colleges in the area.
