The Intelligent Robotics and Autonomous Lab at University of Cincinnati is seeking an exceptional candidate for a postdoctoral fellow position in the field of Robotics and Autonomy. The successful candidate will work on cutting-edge research in the areas of space robotics, autonomous spacecraft operations, satellite on-orbit servicing, and orbital debris removal. This position involves collaborating with faculty, graduate students, and external research partners, with opportunities to publish research and present findings in scientific journals and major conferences. Since the position is funded by research a grant from the US Space Force, only US citizens are eligible for the position.
