2

Location: US-UT-Logan

Category: Faculty

Position Type: Benefited Full-Time

Job Classification: Faculty

College: College of Engineering

Department: Electrical & Computer Engineering

Advertised Salary: Commensurate with experience, plus excellent benefits

Overview

Utah State University's Department of Electrical and Computer Engineering (ECE) invites applications to fill two faculty positions in Artificial Intelligence and Machine Learning (AI/ML): one tenure-track position (research and teaching) and one professional practice position (teaching emphasis). It is expected that these positions will be filled at either the Assistant or Associate Professor level. We seek applicants with cross-disciplinary backgrounds whose expertise lies at the intersection of AI/ML and electrical engineering. Preference will be given to applicants whose research and/or work experience applies AI/ML to problems in electrical engineering including but not limited to:

- Signal processing, communications, radar
- Control, robotics, drones/UAVs
- Electromagnetics, antennas
- Speech and natural language processing
- Remote sensing, computer vision
- Electric power systems
- Cybersecurity, computer networks, cryptography

The search committee will begin reviewing applications on November 1, 2024, and continue until the position is filled. Possible start dates, coinciding with USU's semester schedule, are January 2025 and August 2025.

Responsibilities

Successful candidates for the tenure-track position will be expected to develop an externally funded research program that includes peer-reviewed publications and graduate student mentorship. Both tenure-track and professional practice positions are expected to effectively teach undergraduate and graduate courses, actively participate in assigned department and university duties, and serve their professional society. Ideal candidates will have an interest in developing new courses and degree programs in AI/ML and its applications to engineering.

Qualifications

Minimum Qualifications - Tenure Track Appointment

1. An earned doctorate degree in Electrical Engineering, Computer Engineering, Computer Science, Mathematics, Statistics, or a closely related discipline.
2. An ability to conduct and disseminate research that applies AI/ML to problems in the electrical engineering domain.
3. An ability to develop courses in AI/ML and effectively teach undergraduate and graduate level courses in AI/ML and the candidate's specific area of research emphasis in accordance with departmental needs.
4. An ability to apply for and secure ongoing external funding.

Preferred Qualifications - Tenure Track Appointment

1. Preference will be given to candidates with experience building and deploying AI/ML systems.

Minimum Qualifications - Professional Practice Appointment

1. An earned MS degree in Electrical Engineering, Computer Engineering, Computer Science, Mathematics, Statistics, or equivalent work experience.
2. Strong industrial, commercial, consulting, or research experience in AI/ML systems.
3. An ability to develop courses in AI/ML and effectively teach undergraduate and graduate level courses in AI/ML and the candidate's specific area of research emphasis in accordance with departmental needs.
4. Effective written and oral communication skills.
5. Demonstrated strong organizational skills.

Preferred Qualifications - Professional Practice Appointment

1. Effective teaching or mentoring experience.
2. Advanced degree in Electrical Engineering, Computer Engineering, Computer Science, Mathematics, Statistics or a closely related discipline.

Required Documents

Along with the online application, please attach:

1. Resume/CV to be uploaded at the beginning of your application in the Candidate Profile under "Resume/CV".

The documents listed below to be uploaded at the beginning of your application in the Candidate Profile under "Documents 1-10":

1. Cover letter summarizing your motivation, qualifications, experience, and career goals.
2. A concise statement of your proposed research program including how your research synthesizes AI/ML and engineering topics.
3. A brief teaching statement that explains your approach to teaching and describes AI/ML courses you would like to develop and existing ECE courses you would like to teach.
4. Names and contact information of three professional references (reference letters will only be solicited from final candidates).

****Document size may not exceed 10 MB.****

Founded in 1888, Utah State University is Utah's premier land-grant, public service university, with a strong commitment to excellence, access, and inclusion, empowering people to lead successful lives of involvement, innovation, and impact. Utah State provides high-quality education to 27,500-plus students [locations throughout the state](#), including at three residential campuses, eight statewide campuses, and 23 education centers. USU Online educates students from all 50 states and 55 countries. For over 25 years, USU Extension has served and engaged Utahns in all of Utah's counties. As an R1 research institution, Utah State is dedicated to advancing knowledge through research and scholarly activities, providing a high-quality undergraduate and graduate education at an affordable price.

Utah State is committed to cultivating a community of [inclusive excellence](#) where all perspectives, values, cultures, and identities are acknowledged, welcomed, and valued. We seek to recruit, hire, and retain people from all walks of life who will champion excellence in education, research, discovery, outreach, and service. We believe that promoting a strong sense of community and belonging empowers and engages all members of USU to thrive and be successful. Forbes recognized our commitment to employees when they named [Utah State the best employer in Utah](#) in 2023. [Learn more](#) about USU.

The university provides a [Dual Career Assistance Program](#) to support careers for partners who are also seeking employment. Additionally, USU is committed to providing access and reasonable accommodations for individuals with disabilities. To request a reasonable accommodation for a disability, contact the university's ADA Coordinator in the Office of Human Resources at (435) 797-0122 or hr@usu.edu.

About the Region

U.S. News and World Report [ranked Utah first](#) for its strong economy, fiscal stability, education, and health care. Outstanding outdoor recreational opportunities abound throughout the state, including five national parks, 43 state parks and recreation areas, and 15 alpine ski resorts. The home of USU's main campus, [Logan](#), is a city of 54,000-plus people in a picturesque mountain valley 80 miles north of Salt Lake City. The Logan metro area [claimed the top spot](#) in the Milken Institute's 2022 ranking for best-performing small cities in the nation.
