Apply by this date to ensure full consideration by the committee.

Final date: Wednesday, Jan 15, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date.

Position description

The Department of Industrial Engineering & Operations Research (IEOR) at the University of California, Berkeley, welcomes applications for a full-time, tenured Associate or Full Professor position. Applicants from all IEOR research areas, broadly defined, will be considered. Successful candidates are expected to have demonstrated an exceptional record of leadership in research, education, mentorship, and service.

UC Berkeley's IEOR department offers undergraduate, master's, and doctoral degrees and is at the forefront of research and teaching of operations research and analytics methods, as well as the advancement of quantitative solutions in the areas of healthcare, logistics and transportation, supply chains, energy, security, finance, and e-commerce. This position offers the opportunity for interdisciplinary collaboration within the IEOR Department and also with distinguished faculty and researchers from the College of Engineering, the College of Computing Data Science and Society, the School of Information, the Haas Business School, and other programs on the UC Berkeley campus and within the greater San Francisco Bay Area. To learn more about our department and its programs, please visit ieor.berkeley.edu.

The UC Berkeley IEOR Dept recognizes the intrinsic relationship between diversity and excellence in all our endeavors. The University of California embraces open and equitable access to opportunities for learning and development as our obligation and goal. We seek candidates who demonstrate a commitment to advancing diversity, equity, inclusion, and belonging through their research, teaching, and service.

Candidates should also demonstrate how they plan to contribute through research, teaching, and mentoring to the core values of the IEOR Department: integrity, excellence, dignity, and justice. Candidates should know that financial and in-kind resources are available to pursue activities that help

accelerate our efforts to achieve our diversity, equity, inclusion, and belonging goals, with the full backing of the College of Engineering. Examples of ongoing programs in the College are available at: engineering.berkeley.edu/diversity.

The Department is committed to addressing the family needs of faculty, including dual career couples and single parents. We are also interested in candidates who have had non-traditional career paths or who have taken time off for family reasons, or who have achieved excellence in careers outside academia. For information about potential relocation to Berkeley, or career needs of accompanying partners and spouses, please visit:

<http://ofew.berkeley.edu/new-faculty>

The University of California is committed to creating and maintaining a community dedicated to the advancement, application, and transmission of knowledge and creative endeavors through academic excellence, where all individuals who participate in University programs and activities can work and learn together in a safe and secure environment, free of violence, harassment, discrimination, exploitation, or intimidation. Consistent with this commitment, UC Berkeley requires all applicants for Senate faculty positions to complete, sign, and upload an Authorization of Information Release form into AP Recruit as part of their application. If an applicant does not include the signed authorization, the application will be considered incomplete, and as with any incomplete application, will not receive further consideration. Although all applicants for faculty recruitments must complete the entire application, applicants will only be subject to reference checks if and when they are selected as the candidate to whom the hiring unit would like to extend a formal offer. More information is available on [this website](#).

Qualifications

Basic qualifications (required at time of application)

Basic qualifications: Applicants must have a Ph.D. (or equivalent international degree).

Preferred qualifications

The ideal candidate will have an exceptional record of research, education, mentorship, and service and a strong commitment to equity and inclusion. The ideal candidate will also be able to make a convincing case for their vision for future innovations in research and teaching, as well as demonstrated ability to work with industry and colleagues to raise funds to support such research.
