Job Description

The Department of Computer Science and Engineering, College of Engineering at Texas A&M University invites applications for up to three full-time tenure-track/tenured positions with 9-month academic appointments and the possibility of an additional summer appointment contingent upon the need and availability of funds beginning fall of 2025. Depending on qualifications, applicants will be considered for the faculty titles of assistant, associate, and full professor (Tenure-Track/Tenure Review

Upon Hire, as appropriate). Areas of interest include but are not limited to Computer Science Education, Cybersecurity, High-Performance Computing, Human-Computer Interaction, Programming Languages, Robotics, and Theory. Strong candidates in multi-disciplinary or emerging areas of computing are also encouraged to apply.

The successful applicants will be required to teach, advise, and mentor graduate and undergraduate students; develop and maintain an independent, externally funded research program; participate in all aspects of the department's activities; and serve the profession.

The Department of Computer Science and Engineering (CSE) at Texas A&M is currently one of 15 departments in the College of Engineering. Many of the 58 tenured/tenure-track faculty and 30 teaching-focused faculty hold a number of national distinctions, including ACM, IEEE, AAAS, SIAM Fellows, and ACM Distinguished Scientists and Engineers. The department has a strong and vibrant research program, with half the faculty having received NSF CAREER awards. CSE faculty have strong collaborations with the Center for Remote Health Technologies and Systems, Institute of Data Science, Global Cyber Research Institute, Cybersecurity Center, and Bush Combat Development Complex. Our student population comprises over 1,700 undergraduate students (sophomore to senior level) and nearly 700 graduate students. The department is housed in the recently renovated Peterson Building, with airy modern offices, conference rooms, and lounges equipped with state-of-the-art A/V technology. More information about CSE is available at http://www.cse.tamu.edu.

Qualifications

Applicants must have earned a doctorate in computer science, computer engineering, or a closely related field by the date of appointment as faculty.

Application Instructions

Applicants should submit a cover letter, curriculum vitae, personal statement to include philosophy and plans for teaching and service, as applicable, and a list of four references (including postal addresses, phone numbers, and email addresses) by applying for this specific position at http://apply.interfolio.com/155702. The review of applications will begin by **December 1, 2024.** Applications received after that date may be considered until positions are filled. It is anticipated that the appointments will begin in **Fall 2025**.
