teaching, and service in computer science or computer engineering. Departmental support will include initial reduced teaching loads, competitive salary, and generous start-up funds.

Candidates from all relevant research areas in Computer Science are welcome to apply, with special consideration given to those with a record of high-quality research and scholarship in computer security, formal methods, artificial intelligence, machine learning, or data analytics.

The School of Electrical Engineering and Computer Science (EECS) offers bachelor's, master's, and doctoral degrees. At present there are roughly 450 undergraduate students, 125 master's degree students and 40 PhD students in the School of EECS. EECS employs 22 full-time tenured, tenure-track and instructional faculty. New sponsored research awards in the School of EECS have averaged roughly \$4M per year over the last five years, and numerous research collaboration opportunities exist within the School's Avionics Engineering Center and Center for Scientific Computing and Immersive Technologies (CSCIT).

Ohio University is a public, comprehensive, R1 university that conducts high-quality research across many disciplines, and emphasizes an excellent, learner-centered educational experience by providing undergraduate, graduate, and professional programs to approximately 20,000 students in a residential setting. The Ohio University area features a national forest, state parks and recreation opportunities such as hiking, bicycling, camping, and canoeing.

Review of application materials will begin immediately, and the positions will remain open until filled. For full consideration, please apply at <https://www.ohiouniversityjobs.com/postings/51257> by December 30, 2024.
