expertise, and provide service to the department, the university, and the community. Duties include teaching Aerospace Engineering courses; building a vibrant and innovative research program which integrates undergraduate students; and supporting and developing students into engineers ready to thrive in the modern aerospace industry. Candidates are sought with experience or interest in all areas of Aerospace Engineering in support of the department's unique and innovative curriculum. Candidates with experience or interest in autonomous aerospace systems, propulsion, and spacecraft design are encouraged to apply.

Salary will be commensurate with education and experience of the individual selected. Qualified candidates with industry experience are encouraged to apply. Anticipated hiring range: \$110,250 – \$123,500 per year.

At California Polytechnic State University, San Luis Obispo, we believe that cultivating an environment that embraces and promotes diversity is fundamental to the success of our students, our employees, and our community. Bringing people together from different backgrounds, experiences and value systems fosters the innovative and creative thinking that exemplifies Cal Poly values free inquiry, cultural and intellectual diversity, mutual respect, civic engagement, and social and environmental responsibility. Cal Poly's commitment to diversity informs our efforts in recruitment, hiring and retention. California Polytechnic State University is an affirmative action/equal opportunity employer.

ABOUT THE DEPARTMENT

Cal Poly's Aerospace Engineering Department offers a B.S. and M.S. in Aerospace Engineering. Cal Poly focuses on undergraduate and graduate education. Our "learn-by-doing" approach involves extensive lab work and projects in support of theoretical knowledge, with extensive interaction and collaboration between students and faculty. U.S. News & World Report ranked the Aerospace Engineering Department top among primarily undergraduate public programs in the nation.

Cal Poly is committed to the teacher-scholar model. As teachers, faculty are expected to exhibit strong pedagogic skills and to remain proficient and current in their disciplines. As scholars, faculty should be engaged in scholarly work that is of very high quality as evidenced by external peer review. As colleagues, faculty are encouraged to perform service activities at all levels of the University.

Preference will be given to those who can show evidence of working with diverse populations and fostering a collaborative, supportive and inclusive environment.

Preference will be given to candidates with a demonstrated excellence in university level teaching and research (commensurate with time since degree), experience with laboratory-based instruction and/or industry experience. Experience and a commitment to working in a multidisciplinary and collaborative setting is preferred.

Preference will be given primarily to candidates able to teach courses in autonomous aerospace systems, propulsion, and spacecraft design and secondarily to candidates able to teach courses in additional areas of emphasis for the Aerospace Engineering Department.

EEO/AA Policy

The person holding this position is considered a 'mandated reporter' under the California Child Abuse and Neglect Reporting Act and is required to comply with the requirements set forth in CSU Executive Order 1083 as a condition of employment. Following a conditional offer of employment, a background check (including a criminal records check) must be completed satisfactorily before any candidate may start work with Cal Poly, San Luis Obispo. Failure to satisfactorily complete the background check may result in the withdrawal of the offer of employment. Note: Cal Poly cannot deny an applicant a position solely or in part due to a criminal conviction history until it has performed an individualized assessment and linked the relevant conviction history with specific job duties in the position being sought. Please note: Current employees who are offered positions on campus will be required to undergo a background check for any position where a background check is required by law or that Cal Poly has

designated as sensitive. Sensitive positions are those requiring heightened scrutiny of individuals holding the position based on potential for harm to children, concerns for the safety and security of people, animals, or property, or heightened risk of financial loss to Cal Poly or individuals in the university community. For health and well-being, Cal Poly is a smoke & tobacco-free campus. The university is committed to promoting a healthy environment for all members of our community. CSU requires faculty, staff, and students who are accessing campus facilities to be immunized against COVID-19 or declare a medical or religious exemption from doing so. Any candidates advanced in a search process should be prepared to comply with this requirement. The systemwide policy can be found at CSU Vaccination Policy and questions may be sent to academicpersonnel@calpoly.edu. In accordance with the California State University (CSU) Out-of-State Employment Policy, the CSU is a state entity whose business operations reside within the State of California and prohibits hiring employees to perform CSU related work outside of California.
