for this position at 100% time is \$108,500 - \$425,000. "Off-scale salaries", i.e. a salary that is higher than the published system-wide salary at the designated rank and step, are offered when necessary to meet competitive conditions.

Anticipated start: Application Window Open date: October 28, 2024

**Next review date:** Monday, Dec 2, 2024 at 11:59pm (Pacific Time)

Apply by this date to ensure full consideration by the committee.

**Final date:** Tuesday, Sep 30, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

### Position description

The Department of Electrical and Computer Engineering at the University of California, Santa Barbara (UCSB) is accepting applications for a tenure track position at all ranks (Assistant, Associate and Full Professor level) in the area of Photonics. The Department has particular (but non-exclusive) interest in applicants with expertise in quantum optics, optical devices, photonic integrated circuits, fabrication of optical devices, growth of optical materials and systems measurements of photonic devices and integrated circuits.

The department is especially interested in candidates who can contribute to the diversity and excellence of the academic community through research, teaching, and service. In 2024-25, a wide array of UC Santa Barbara departments are partnering with the Office of Diversity, Equity, and Inclusion to launch a special faculty recruitment initiative named after Benjamin Banneker, the 18th-century African American mathematician, astronomer, anti-racist, engineer, ecologist, and peace advocate. Funded by an Advancing Faculty Diversity grant from the UC Office of the President, with the goal of diversifying faculty, research, and curriculum in STEM (and related) fields, the Banneker Initiative aims to recruit scholars, scientists, and engineers whose disciplinary and interdisciplinary work would take place within the community of interests exemplified by Banneker's intellectual, ethical, and social commitments as an African American scientist. Applicants may be eligible to be fellows in the Benjamin Banneker Initiative. The community of Banneker Fellows will receive funding for cohort building and professional development activities, including enrollment in the National Center for Faculty Development and Diversity Faculty Success Program, proposal writing training, and seed grants.

The University of California, Santa Barbara is a leading research institution nestled on California's beautiful Central Coast, with the ECE building located adjacent to the beach. The greater Santa

### Qualifications

#### Basic qualifications (required at time of application)

Applicants must have completed all requirements for a Ph.D. (or equivalent) in Electrical and Computer Engineering or a closely related field except the dissertation at the time of application.

#### Additional qualifications (required at time of start)

Ph.D. required by time of appointment.

#### Preferred qualifications

Candidates should have an established research reputation or outstanding research potential, the ability to attract external research funding, and a strong commitment to teaching at the undergraduate and graduate levels.

Candidates should demonstrate the ability to develop a highly successful independent research program, and demonstrate the potential to participate effectively in the teaching of the ECE curriculum at both the undergraduate and graduate levels

### Application Requirements by Level

#### Assistant Professor

Individuals should submit their application at this level if they meet one of the following conditions: Current or recent PhD candidate or graduate; current or recent postdoc; current assistant professor (including those who are "senior" assistant professors near tenure). Please note that this level determination is only for application review purposes, not the ultimate appointment level of the finalist.

#### Document requirements

- Curriculum Vitae - Your most recently updated C.V.
- Cover Letter
