Job Description

The [Institute for Artificial Intelligence and Data Science \(IAD\)](#) at the University at Buffalo (UB) invites applications for two open-rank teaching faculty (lecturer) positions. We will consider candidates at the Assistant, Associate, or Full Professor of Teaching level in line with their experience and prior positions and offer competitive salaries. Successful candidates will have a passion for teaching and operate effectively in a team environment and a diverse community of students and faculty. They will also share our vision of helping all constituents reach their full potential. Applications will be reviewed immediately, and we are considering Spring and Fall 2025 state dates.

The faculty's primary duties are:

- Teaching graduate-level courses in artificial intelligence, data science, and computational science, and

- Advising IAD students.

We are particularly interested in candidates with experience in and a passion for teaching courses in machine learning, artificial intelligence, data-intensive computing, data mining, database fundamentals, and related data models and queries. Other duties may include industry internship and student project supervision, experiential learning and student excellence initiatives, accreditation objectives, diversity enhancement, program administration, and external educational grant support.

The IAD is the home of several graduate programs, i.e., a PhD program in Computational and Data-Enabled Sciences (CDES), an MS program in Engineering Science with Data Science focus (ESDS), an MS program in Engineering Science with Artificial Intelligence focus (ESAI), and an MPS program in Data Science Applications (DSA). IAD also conducts undergraduate courses and certificates in data science topics. IAD coordinates interdisciplinary research of computational sciences across various domains. The primary responsibility of the advertised positions is for the MS-ESAI program. More information can be found at the IAD website: <https://www.buffalo.edu/ai-data-science.html>

UB is a member of the prestigious Association of American Universities (AAU), the largest and most comprehensive university in The State University of New York (SUNY) system, with about 22,000 undergraduates, 10,000 graduate and professional students and 1600 full-time faculty. UB (together with Stony Brook University) is the official flagship university of SUNY and the premier public institution in the Northeast. The School of Engineering and Applied Sciences has 7,300 students across nine academic departments.

Buffalo is the second-largest city in New York State and a hub connecting the East Coast and the Midwest. It features a rapidly growing economy, low cost-of-living, historic and eclectic neighborhoods, world-class art galleries and museums, a vibrant theater and music community, the Lake Erie waterfront, a city-wide system of parks designed by renowned landscape architect Frederick Law Olmsted, and major and minor league sports teams. The awe-inspiring Niagara Falls is just 20 minutes away. Buffalo is also a border city to Canada with direct access to the Toronto metro area. The IAD is located on UB's North Campus in suburban Amherst, an area known for its outstanding public schools and services.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we
