management are invited to apply, and particular consideration will be given to candidates with past online teaching experience in an engineering or industry management discipline.

The individual selected for this position will be expected to teach graduate level and some undergraduate courses, as departmental needs require. The selected candidate is also expected to secure external funding and to conduct and publish research in areas appropriate for an emerging research institution. Engagement in service to the university and the profession is also expected.

The selected candidate will be given the appropriate rank based on college and university standards and policy.

This position is subject to the availability of funds.

Proposed Start Date: Fall 2025

Only applications submitted through the Texas State University website will be accepted and considered.

For more complete information and to assure full consideration, submit the following before December 2, 2024: <https://jobs.hr.txstate.edu/postings/50216>.
