**School Head**  
**School of Engineering Technology**  
**Purdue Polytechnic Institute, Purdue University**

Purdue University announces the nomination and application process for the position of School Head, School of Engineering Technology (SoET) within the Polytechnic Institute at Purdue's West Lafayette main campus. The school's undergraduate programs are accredited by ETAC of ABET with over 1,800 undergraduate students. Additionally, the MS and PhD programs serve 140 graduate students, with both campus-based and online offerings. The 80+ full-time faculty members conduct research in diverse areas including robotics, energy, smart manufacturing, mechatronics and electronics, engaging with companies around the world. The school head reports directly to the dean of the Purdue Polytechnic Institute and is responsible for the administrative, budgetary, and personnel decisions within the school. More information on SoET can be found at <https://polytechnic.purdue.edu/schools/engineering-technology>.

**Qualifications**

The successful candidate will be a thought leader to advance a culture of academic excellence and build upon already excellent engineering technology programs, including exceptional undergraduate and graduate curricula, use-inspired research programs, and strong relationships with industry. Candidates must:

- Candidates must demonstrate prior experience leading and mentoring faculty in the areas of learning, discovery, and engagement.
- Candidates should be recognized for scholarly achievement across the breadth of engineering technology, have achieved a doctorate degree (engineering technology or related field), and have the qualifications for appointment as a full professor.
- Candidates must have skills as an effective leader with competencies in administration, fiscal management, facilitation of grants, and development.
- Candidates must have experience teaching, instructing, or mentoring undergraduate students.
- Candidates must have a record of management experience and an understanding of interaction with diverse groups of internal and external constituents.
- Candidates must have a commitment to teaching and stay committed to continuous improvement through active participation in curriculum development and related committee service.

**About the School**

The SoET has campuses in West Lafayette, Indianapolis, and at various statewide locations. Students choose a learning location that suits their learning needs.

The SoET academic programs are focused on integrating innovation with student success. Undergraduate education focuses on cutting-edge technology as well as core engineering fundamentals. To support graduate success, the SoET benefits from major investments in state-of-the-art laboratories in the newly constructed Dudley and Lambertus Halls, along with associated labs in other campus buildings. More than 35 separate labs are on the West Lafayette campus, serving both instructional and research needs. The Indianapolis campus and the Statewide Technology locations all have their own labs primarily for instructional use serving seven strategic manufacturing locations across Indiana.

### **About the University**

Purdue University is a top public research institution developing practical solutions to today's toughest challenges. Purdue is the land grant university for Indiana, aspiring to be a top 5 public research university. Currently ranked one of the top 10 Most Innovative Schools in the nation by U.S. News & World Report. Purdue delivers world-changing research and discovery driving innovative solutions to state, national, and global entities. For 2023, Purdue ranks 4th in the country for patents received by the U.S. Patent and Trademark Office.

### **Application procedures:**

Applications should include a letter of interest and curriculum vitae, and the names of three references. Applications and nominations will be accepted until the position is filled. Confidential review of materials and screening of candidates will begin on December 2nd, 2024, and continue until the position is filled. All candidates must apply through SuccessFactors at <https://bit.ly/3UgFBbR>.

All questions should be directed to the search committee at [SoETHeadSearch@purdue.edu](mailto:SoETHeadSearch@purdue.edu). The anticipated start date is July 1, 2025.

A background check is required for this position.
