. A reasonable estimate for this position is \$66,259-\$186,446.

Percent time: Positions may range from part-time to full-time.

Anticipated start: Positions usually start in January, various times throughout the summer, and in August.

Review timeline: Applications are typically reviewed for summer session course needs in April, fall course needs in May, and in November for spring course needs. Applicants are considered for positions as needs arise; the existence of this pool does not guarantee that a position is available.

Position duration: Appointments are made on a semester-by-semester basis. Reappointments are dependent on departmental needs.

Application Window

Open date: May 5, 2024

Most recent review date: Monday, Jun 24, 2024 at 11:59pm (Pacific Time)

Applications received after this date will be reviewed by the search committee if the position has not yet been filled.

Final date: Sunday, May 4, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

Position description

The Department of Chemical and Biomolecular Engineering (CBE) at the University of California, Berkeley invites applications for a pool of qualified temporary instructors to teach undergraduate courses in all areas within chemical and biomolecular engineering, though candidates with experience in biochemical engineering laboratory will receive special consideration, should an opening arise. Screening of applicants is ongoing and will continue as needed. The number of positions varies from semester to semester, depending on the needs of the department. This position is in a represented bargaining unit.

The vibrant community of CBE is situated within the College of Chemistry, a small college within a large campus, with a connected and collegial feel. The College provides comprehensive student support services including peer tutoring, professional advising, career placement, and drop-in

counseling. Award-winning student groups including chapters of the American Institute of Chemical Engineers (AIChE), American Cancer Society (ACS) and Chemical Engineering Car (Chem-E-Car) enhance the student experience, and faculty members mentor students in clubs and teams in biofuels technology, cosmetics formulation, phytoremediation, and research projects.

General Duties

Classroom/laboratory teaching and preparation, managing and mentoring graders and/or graduate student instructors (teaching assistants), holding office hours, assigning grades, advising students, preparing course materials (e.g., syllabus), and using Cal's electronic resources for course management.

Contract for the Lecturers Unit (IX) between the University of California and the American Federation of Teachers: <https://ucnet.universityofcalifornia.edu/labor/bargaining-units/ix/contract.html>

Qualifications

Basic qualifications (required at time of application)

A bachelor's degree (or equivalent international degree) or enrolled in a bachelor's degree (or equivalent international degree) program.

Additional qualifications (required at time of start)

A bachelor's degree (or equivalent international degree) and 2 years of experience in a laboratory course setting and/or research/professional experience.

Preferred qualifications

A PhD degree (or equivalent international degree) in chemical engineering or a related field, and prior teaching experience.

About UC Berkeley

UC Berkeley is committed to diversity, equity, inclusion, and belonging. The excellence of the institution requires an environment in which the diverse community of faculty, students, and staff are welcome and included. Successful candidates will demonstrate knowledge and skill related to ensuring equity and inclusion in the activities of their academic position (e.g., teaching, research, and service, as applicable).

The University of California, Berkeley is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status.

Please refer to the [University of California's Affirmative Action Policy](#) and the [University of California's Anti-Discrimination Policy](#).

In searches when letters of reference are required all letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the [UC Berkeley statement of confidentiality](#) prior to submitting their letter.

As a University employee, you will be required to comply with all applicable University policies and/or collective bargaining agreements, as may be amended from time to time. Federal, state, or local government directives may impose additional requirements.
