The Department of Mechanical & Industrial Engineering at Montana State University invites applications for one full-time tenure track position in Mechanical Engineering (ME). Primary responsibilities are in teaching, research, and service/outreach. The successful candidate will become an integral part of the department. Duties will include teaching courses in ME, developing a nationally recognized, externally funded research program, working on curriculum development, and participating in professional/service activities. Montana State University values all perspectives and is committed to continually supporting, promoting and building a whole community, which includes people of many backgrounds. As such, applicants from underrepresented groups in engineering are particularly encouraged to apply.

We hope to attract applicants who can teach in a University community and have demonstrated ability in helping students from all backgrounds to succeed.

The new faculty member will be expected to contribute to excellence in both undergraduate and graduate teaching in the Mechanical & Industrial Engineering Department, develop a nationally recognized, externally funded scholarly program in an appropriate focus area, produce scholarly works and collaborate with MSU's research centers and regional partners. Other responsibilities include advising and mentoring undergraduate and graduate students, participating in accreditation activities and committee assignments, and providing service to the University, State, and profession.

### **EEO/AA Policy**

#### AA/ADA/EEO/Vet Prefer Employer

Montana State University is an equal opportunity employer. MSU does not discriminate against any applicant on the basis of race, color, religion, creed, political ideas, sex, sexual orientation, gender identity or expression, age, marital status, national origin, physical or mental disability, or any other protected class status in violation of any applicable law.

In compliance with the Montana Veteran's Employment Preference Act, MSU provides preference in employment to veterans, disabled veterans, and certain eligible relatives of veterans. To claim veteran's preference, please complete the veteran's preference information located in the Demographics section of your profile.
