Job Description

Job Description

The Batten College of Engineering & Technology at Old Dominion University invites applications from experienced, accomplished, and visionary individuals to serve as Professor & Chair of the Department of Engineering Management & Systems Engineering (EMSE) starting in June 2025. This is an annual 12-month tenured appointment. The Chair is expected to provide leadership in departmental education, research, and outreach activities in alignment with the strategic plan of the College and University.

Specific responsibilities include:

- Planning and executing strategic initiatives for the department.

- Representing the department and interacting with the college and university leadership.
- Mentoring, supporting, supervising, and evaluating faculty and staff.
- Developing and supporting key research thrusts in the department and the college.
- Fostering interdisciplinary research and partnerships with industry and government agencies.
- Promoting the evolution and advancement of the department's academic curriculum design and leading efforts to attain/maintain graduate program certification by the American Society for Engineering Management and the International Council on Systems Engineering.
- Planning and scheduling courses offerings.
- Demonstrating commitment to diversity, equity, and inclusion initiatives.
- Working closely with the advisory board of the department to ensure continuous improvement in programs and initiatives.
- Overseeing the budget.
- Performing research and scholarly activities.
- Teaching courses in related areas.
- Developing educational and research relationships with industry and government laboratories in the Hampton Roads region.

Position Type

FullTime

Type of Recruitment

General Public

Minimum required education and/or special licenses, registrations, trainings, or certifications
