Job Description

We are excited to announce an opening for a Postdoctoral Researcher position with a starting salary of \$70,000. Additional compensation will be based on the candidate's skills and experience. We are seeking applicants with strong expertise in immunology to join an interdisciplinary team working in the interface of stem cells, cardiac organoids, transplant immunology, nanotechnology, and synthetic biology.

The major responsibilities of the position include designing and performing in vitro immunology assays and in vivo animal implantation studies, analyzing experimental results, and contributing to the manuscript preparation.

The qualified candidates are expected to have a PhD in biomedical engineering, cell biology, immunology, or related fields.

If interested, email your CV, a letter of interest, and 2 selected papers to "mei@clemson.edu" with the subject line "Postdoctoral Application – Immunology".
