Job Description

The Department of F. Joseph Halcomb III, M.D. Department of Biomedical Engineering at the University of Kentucky invites applications for the position of Lecturer. This is a non-tenure-eligible 9-month faculty position in the Lecturer Title Series. Typical teaching loads for this position will be three courses per semester. Additional duties will be oriented primarily towards undergraduate instruction in the biomedical engineering department and may include providing support for instructional laboratories in the department. The position will be available beginning August 2025.

At the time of application please provide a Cover Letter, CV, Teaching Statement (upload as Specific Request 1), and names and contact information for at least 3 professional references when prompted in the application.
