to promoting Black excellence and advancing Black Student Success, and El Concilio for Latinx Success at the Beach, whose mission is to build capacity and promote inclusive servings across initiatives and efforts towards Latine/x student, faculty, and staff success across campus. The President's Equity and Change Commission is dedicated to achieving inclusive excellence in our community and culture and to interrogating, disrupting, and transforming systemic inequities throughout the university. CSULB's Beach 2030 University Action Plans prioritize engaging all students, expanding access to higher education, promoting intellectual achievement, building community, and cultivating resilience.

## **College of Engineering**

### **Department of Mechanical and Aerospace Engineering**

#### **Required Qualifications:**

- Ph.D. in Mechanical Engineering, Aerospace Engineering, or a closely related engineering discipline. Degree at time of application or official notification of completion of the doctoral degree by August 1, 2025.
- Specialization in the areas of Artificial Intelligence and Robotics, with applications to mechanical and aerospace systems.
- Demonstrated potential or effectiveness in teaching at undergraduate and graduate levels
- Demonstrated potential for successful research, scholarly, and creative activities
- Demonstrated commitment to working successfully with a diverse student population, including Black/African American, Latine/x, Native American/Indigenous, low-income, first-generation, and minoritized students

#### **Preferred Qualifications:**

- Demonstrated excellence in teaching undergraduate and graduate-level courses
- Experience in teaching courses in the areas of Dynamics, Control, Artificial Intelligence, and Robotics in Mechanical and Aerospace Engineering
- Demonstrated ability to supervise student projects and theses at both the undergraduate and graduate levels

Posted Dec. 5, 2024, set to expire Apr. 6, 2025

- Demonstrated ability to develop and lead hands-on learning activities that foster student innovation and creativity
- Demonstrated ability to develop and update curriculum and academic programs at both undergraduate and graduate levels
- Demonstrated ability and clear plans for development of research programs in emerging and rapidly developing areas of Artificial Intelligence and Robotics
- A record of academic publications and research in one or more of the emerging areas in AI and Robotics
- Demonstrated success or history of securing external funding for research
- Active participation in academic governance
- Experience of successfully working with populations demographically and/or socioeconomically similar to the CSULB student body (Demographics)
- Experience mentoring or supporting students with minoritized identities or experience using inclusive and culturally relevant teaching strategies in a diverse classroom

**Duties:**

- Teach undergraduate and graduate courses in mechanical and aerospace engineering related to artificial intelligence and robotics [Mode of instruction may include in-person, hybrid, online, and/or any combination thereof.]
- Develop new courses and update existing courses, including laboratories
- Supervise student projects and theses
- Actively pursue external support for research through grants and contracts
- Conduct independent and collaborative research leading to publications and external funding
- Participate in service to the department, college, university, and community

CSULB seeks to recruit faculty who enthusiastically support the University's strong commitment to the academic success of all our students, including students of color, students with disabilities, students who are first generation to college, veterans, students with diverse socio-economic backgrounds, and students of diverse sexual orientations and gender expressions. CSULB seeks to recruit and retain a diverse workforce as a reflection of our commitment to serve the People of California, to maintain the excellence of the University, and to offer our students a rich variety of expertise, perspectives, and ways of knowing and learning.

**EMPLOYMENT REQUIREMENTS:**

A background check (including a criminal record check and telephone reference check with most recent employer) must be completed satisfactorily before any candidate can be offered a position with the CSU. Failure to satisfactorily complete the background check may affect the application status of applicants or continued employment of current CSU employees who apply for the position.

The person holding this position is considered a “mandated reporter” under the California Child Abuse and Neglect Reporting Act and is required to comply with the requirements set forth in CSU Executive Order 1083 Revised July 21, 2017 as a condition of employment.

Pursuant to the California State University (CSU) Out-of-State Employment Policy, hiring employees to perform CSU-related work outside of California is prohibited effective January 1, 2022. By prohibiting employment outside of California, the CSU also prohibits hiring and retaining employees working permanently from a business location outside of the United States. Exceptions to the Policy are limited to approved and documented purposes for conducting CSU business outside of California.

**CSU Vaccination Policy**

The CSU strongly recommends that all individuals who access any in-person program or activity (on- or off-campus) operated or controlled by the University follow the COVID-19 vaccine recommendations adopted by the U.S. Centers for Disease Control and Prevention (CDC) and the California Department of Public Health (CDPH) applicable to their age, medical condition, and other relevant indications and comply with other safety measures established by each campus.

Additionally, per the CSU COVID19 Vaccination Policy, all faculty, staff, administrators, and students who are accessing campus facilities are recommended to receive immunization against COVID 19 but are not required to be vaccinated at this time. The systemwide COVID19 questions may be sent to [fah@csulb.edu](mailto:fahr@csulb.edu).
