Job Description

DGIST, with the world-class research environment and highly talented students, is seeking exceptional faculty members to join our mission. Committed to becoming a 'Top-Class University that Changes the World,' we are honored to invite you to be a part of this mission.

1. Position Categories

- Assistant Professor (full-time tenure-track)
- Associate Professor (full-time tenure-track)
- Professor (full-time tenure-track)

2. Hiring Departments and Academic Fields

1) Department of Electrical Engineering and Computer Science

- Biomedical signal and image analysis
- Implantable medical device
- Brain engineering
- Neuromodulation
- Bioinformatics
- Medical Imaging
- Biomedical Engineering related to electrical and computer science fields

2) Department of Robotics and Mechatronics Engineering

- Advanced Medical Imaging Technology and Systems for the Diagnosis of Brain Disorders
- Technologies for Brain Stimulation and Diagnostics for the Treatment and Monitoring of Brain Disorders
- Foundation Model-Based Diagnostics for Brain Disorders
- Translational Research for Clinical Applications of Advanced Medical Devices and Technologies

3) Department of Energy Science and Engineering

- Interdisciplinary research combining energy harvesting, biofuels, soft robotics, and human-machine interface
- Sustainable energy solutions for powering next-generation wearable devices
- Wearable energy harvesting systems for powering electronic devices
- Biofuel-powered soft electronic skin for human-machine interfaces
- Multiplexed and wireless sensing technologies for advanced health monitoring and interaction

Downloaded On: Feb. 6, 2025 2:14pm

Posted Dec. 9, 2024, set to expire Jun. 10, 2025

4) Department of Brain Sciences

- All areas in Brain Sciences (e.g., Molecular / Cellular / Systems / Cognitive / Computational neuroscience)

- Advanced Techniques applicable to Brain Sciences (e.g., Neuroimaging, Neuroelectronics, Omics, Bioinformatics, and Synthetic Biology)

5) Department of New Biology

- Candidates with exceptional research capabilities in the fields of aging and developmental biology, or across all areas of life sciences

3. Position Start Date and Procedure

? Appointment date : May 1, 2025

? The Appointment date can be adjusted in consultation with department.

? Application Process:

1) Application Screening

2) Department Interview (on-site or online)

3) Faculty Hiring Committee Interview (on-site or online)

4) Final Decision

*Decision at each step will be communicated individually via email

4. Qualification

? Applicants must hold a MD-PhD degree in a closely related engineering or science discipline at the time of the appointment.

? Proficiency in English is required, as all lectures at DGIST are conducted in English.

? Female candidates are strongly encouraged to apply.

5. Application Instructions & Required Documents

? Application Website: <https://dgist.career.co.kr/>

? Application Period

Dec. 9, 2024(Mon.) ~ Jan. 20, 2025(Mon.) 17:00(GMT+09:00)

? Required Documents:

1) Curriculum Vitae

2) Teaching Plan

3) Research Plan

4) Personal Statement

5) Five Representative Achievements (a total of 5 selected from - Journal Publications, Books, Patents, or Research Support)
