About the University: Embry-Riddle Aeronautical University, renowned for its aviation and aerospace programs, stands as a premier institution dedicated to the advancement of engineering, technology, and applied sciences. With campuses in Daytona Beach, Florida, and Prescott, Arizona, Embry-Riddle offers cutting-edge research facilities and a vibrant academic community. The university is recognized globally for its innovative approach to education, industry partnerships, and a commitment to preparing students for leadership roles in their respective fields.

Application Requirements:

- A master's degree in electrical, electronic, or computer engineering, or another master's degree that provides significant knowledge in information theory, signal processing, and programming.
- Excellent English proficiency (both oral and written).
- Ability to work independently and within a team.

How to apply: Reach out to Dr. Siyao Li at lis14@erau.edu with your **CV and transcript**.
