dynamic and collaborative community and aspires to address global challenges.

The School of Civil and Environmental Engineering (CEE) at NTU Singapore's College of Engineering is among the largest globally. CEE welcomes applications across all areas of Civil and Environmental Engineering, including (but not limited to) structural engineering, geotechnics, geospatial technologies, innovative construction materials, digital construction, project management, coastal protection, water sustainability, and waste management. Applications are welcome for all academic ranks (Assistant Professor, Associate Professor, and Full Professor).

We invite exceptional candidates with a Ph.D. in Civil or Environmental Engineering, or a related field, to apply. Multiple positions are available this year, with additional opportunities anticipated in the coming years. We offer highly competitive salaries and attractive start-up packages.

Please submit application materials to d-cee@ntu.edu.sg. Candidate applications should include a cover letter, curriculum vitae, research statement, teaching statement, contact information for three referees, and PDFs of two manuscripts.

For more information about NTU Singapore, please visit the NTU website at <https://www.ntu.edu.sg>.
