integrated design studios and related subjects at undergraduate and graduate levels. Responsibilities: The successful candidate will: • Teach a variety of undergraduate and graduate courses in areas related to Architectural Engineering, including basic, advanced, and integrated design studios. • Contribute to curriculum development and innovation in teaching methods. • Maintain an active research agenda with publications in top-tier journals. • Secure competitive research funding. • Engage in professional service activities and contribute to the department's development. • Foster an inclusive academic environment and contribute to the diversity and excellence of the university community.

Minimum Qualification

- Ph.D. in Architectural Engineering or a closely related field from an internationally recognized institution.
- Strong research credentials with a record of publications in leading scientific journals.
- Proficiency in English, the medium of instruction at UAEU.
- Recent Ph.D. graduates are encouraged to apply; preference will be given to candidates with teaching experience or professional practice.

Preferred Qualification

Preference will be given to candidates with

- Solid research track record
- Demonstrated teaching experience in integrated or advanced design studios, building science, structures, construction management, or related subjects.
- Professional practice experience with a portfolio demonstrating design excellence.
- Proven ability to develop and secure funded research projects involving both undergraduate and graduate students.
- Strong communication skills and a collaborative approach to working with diverse constituencies.

Expected Skills

Develop and lead a sustainable, innovative, independent research program, publish impactful research in top-ranked, field-related refereed journals, and build reputation nationally and internationally to promote UAEU's international reputation. Dedication to teaching at undergraduate and graduate levels in Architectural Engineering. Ability to work effectively with diverse groups.
