Wayne State University's Department of Biomedical Engineering has an opportunity for a tenure-track Assistant Professor position for a candidate with a passion for teaching, mentoring, and **applied research in the area of Imaging**. Outstanding candidates will be considered at associate professor level.

Teach contractual load of undergraduate and graduate courses as assigned by the department.

Provide mentoring to students.

Serve on search committees for hiring of new faculty members, departmental committees and other service committees across the university.

Participate in activities such as student registration, orientation, convocations and commencements.

Attend and participate in scheduled departmental meetings and functions.

Provide other support service to the department, college and/or university, as applicable.

Engage in pursuits that enable them to remain current in their respective disciplines.

Engage in pursuits that help to further organize and contribute to growth of the body of knowledge in their respective disciplines, and/or to explore interdisciplinary implications.

Perform related Departmental duties as required.
